

- Compact, rugged design
- Waterproof
- Head, helmet, or weapon mountable
- Auto-gain control
- Ergonomic, simple, easy to operate controls
- Wide 51° field of view option available
- Built-in Infrared illuminator and flood lens
- Bright light cut-off
- Automatic shut-off system
- MIL-STD-810

The ALPHA OPTICS 6015 multipurpose night vision monoculars are an outstanding choice for professional and commercial applications. Based on the ALPHA OPTICS PVS-14, the ALPHA OPTICS 6015 NVM has the highest quality in optics, design, and functionality. Each is a complete unit, including an image intensifier tube, a protective and generally water-resistant housing, compatible with different types of mounting systems. A built-in IR illuminator makes it possible to use the unit in low light or total darkness. LED lights indicate low battery and show the user that the IR illuminator is on. When co-aligned with

a red-dot type sight on a Picatinny rail the monocular becomes an integral part of a formidable night vision weapons sighting system. With auto gain control, the device uses a sensor to automatically adjust the brightness level to provide the best view based on your ambient lighting conditions. The most versatile night vision systems on the market, it can be handheld, or head/helmet-mounted for hands-free use, or attached to a camcorder or a camera for nighttime photography. Designed for the most demanding nighttime military or law enforcement operations, it is also available for a wide range of applications for civilian users.

### SPECIFICATIONS

Image Intensifier Tube	Gen 2+, Gen 3
Magnification	1x (3x, 4x, 5x – optional)
Field of View	40°
Lens System	26 mm; F/1.2
Focus Range	0.25 m to infinity
Eye Relief	25 mm
Diopter Adjustment Range	-6 to +4 dpt
Infrared Illuminator	Build-in

### USER INTERFACE

Control Direct	- Diopter control - Focus control - ON/OFF knob - IR ON/OFF knob
LED Indicators (in FOV)	- IR Indicator - red - Low Battery Indicator - yellow
Bright Light Cut-Off	YES
Automatic Shut-off System	YES

### POWER

Battery Type	One 1.5 V AA
Battery Life	up to 40 hours at 20°

### ENVIRONMENTAL

Operating temperature	-51°C to +49°C
Storage temperature	-51°C to +85°C
Waterproof	IP67
Impact-Resistant	YES; drop-test 1m

### PHYSICAL

Dimensions	110 x 51 x 57 mm
Weight w/o battery	355 g

### PACKAGE INCLUDE

Demist Shield, Sacrificial Window, Neck Cord, AA Battery, Lens Cleaning Tissue, Shoulder Strap, Soft Carry Case, Hard Waterproof Case

### OPTIONAL ACCESSORIES

Flip-up Head Mount Assembly; Head Mount Assembly; Helmet Mount Assembly; Objective Lenses (3x, 4x, 6x); 51° FOV lenses; Weapon Mount; Camera Adaptor; Direct Recording Optical System ALPHACAM; Anti-fog Lens Swabs; Lens Cleaning Kit
